

Assignment#3

Evaluation: Week # 10 (1\4\2012), during lab class

Soft Copy Email Submission: Deadline Wednesday 4\4\2012 10.00 PM

Oracle Reports

Using the Clear Water Traders database, create a master-detail report that:

- Displays all the available item categories.
- List all the items under each category.
- For each item, list all the available shipments.

Your report must support both paper and web layout.

Your report must contain 3 groups:

The master group: group level1 - for category

The 1st detail group: group level 2 - for items

The 2nd detail group: group level 3 - for inventory
